SUMMARY

The following Summary is intended to highlight certain basic information which is set forth more fully elsewhere in this Confidential Private Placement Memorandum and, accordingly, should be read in conjunction with such detailed information.

The Offering

Issuer	Fairfield Sigma Limited (the "Fund") is organized as an international business company under the laws of the Territory of the British Virgin Islands (the "BVI"). The registered office of the Fund is located in the BVI.
Securities Offered	<p>The Fund's Class B voting shares, denominated in Euros (the "Shares"), are being offered hereby at an initial offering price of 100 EUR per Share. After the initial closing, the Shares will be offered at a price equal to the Net Asset Value (as hereinafter defined) as of the opening of business on the date of such issuance (generally the first business day of every month).</p> <p>The Shares will be offered to subscribers who desire to invest in Fairfield Sentry Limited and to hedge the currency exposure to the Euro resulting from the Fund holding assets (i.e., shares in Fairfield Sentry Limited) denominated in U.S. dollars.</p> <p>The Fund also issues Class A Shares, which utilize the same investment strategy as the Class B Shares, but have a different fee structure. The Fund initially sold what are now its Class A Shares in December, 1999 at an initial offering price of 100 EUR. As of May 31, 2003, the Net Asset Value per Class A Share was 135.47 EUR, with total assets of 153,735,153 EUR (subject to audit).</p>
Offerees	Purchasers who are not citizens, nationals or residents of, or institutions or other entities organized, chartered or resident in, the United States. See "OFFERING OF THE SHARES."
Minimum Subscription	The minimum initial subscription per investor is 200,000 EUR, unless the Fund deems it advisable to permit subscriptions for a lesser amount provided that such lesser amount shall at all times be no less than the EUR equivalent of US \$100,000. Following his initial investment, a shareholder may make additional investments in amounts of not less than 75,000 EUR.
Maximum Capitalization	The Fund will not accept a subscription tendered for Shares at a time when the number of its outstanding Shares is 3,500,000.
Subscription Procedures	It is preferable that subscriptions be made by wire transfer. However, subscriptions may be made by mail if necessary.

Solicitation
of Subscriptions

There are no underwriting arrangements with respect to the offering of Shares. All solicitations of subscriptions will be made directly by the Fund or through the assistance of unaffiliated placement agents and money managers. Such unaffiliated placement agents and money managers may charge their clients a placement fee of up to 5% of the total amount of the subscription for Shares sold with their assistance, and/or share in the fees earned by Fairfield Greenwich (Bermuda) Ltd. ("FGBL"), as Investment Manager, which they may rebate to their clients. FGBL or an affiliate may also charge a placement fee of up to 3% on such subscriptions, provided that total placement fees do not exceed 5%. In certain instances, the Fund may deduct the amount of the placement fee from the subscription amount to pay to the unaffiliated placement agent or FGBL and such amounts will not constitute part of the assets of the Fund.

Business Objective
of the Fund

The Fund will seek to achieve capital appreciation of its assets by purchasing Class B shares in Fairfield Sentry Limited ("FSL"), a British Virgin Islands corporation, which principally utilizes an options trading strategy described as "split strike conversion". FSL is an affiliate of the Fund and the investment manager, Fairfield Greenwich (Bermuda) Ltd.

The Fund will allocate a small portion of its assets to a nonaffiliated bank (the "Bank") to provide a currency overlay program designed to hedge the currency exposure of its Shareholders resulting from the Fund holding assets denominated in U.S. Dollars. The Fund's obligations to the Bank with respect to the currency hedging activities may be collateralized from time to time through a pledge of the assets underlying the Shares (i.e., the Fund's shares in FSL). In order to perfect this pledge of assets, the Fund's shares in FSL may be held in the name of the Bank. In that event, the Bank will be permitted to take any and all appropriate action with respect to these FSL shares at any time in the event of a default on the part of the Fund with respect to its obligations to the Bank.

Investment Manager

Fairfield Greenwich (Bermuda) Ltd. ("FGBL" or the "Manager"), a corporation organized under the laws of Bermuda, serves as the Fund's investment manager and is the Investment Manager of FSL. It is the wholly-owned subsidiary of Fairfield Greenwich Limited ("FGL"), an exempted company organized under the laws of the Cayman Islands, which previously served as the investment manager of the Fund. FGL's main principals are Walter M. Noel, Jr., Jeffrey H. Tucker, and Andres Piedrahita. Mr. Noel is also a Director of the Fund (see "MANAGEMENT OF THE FUND AND OTHER RELATIONSHIPS"). FGBL expects to make application with the Bermuda Monetary Authority to become licensed as an investment provider and has made a claim for no-action relief from registration as a commodity pool operator with the U.S. Commodity Futures

Trading Commission.

Directors	Walter M. Noel, Jr., Jan R. Naess and Peter P. Schmid are the Directors of the Fund. They are also the Directors of FSL.
Citco	Citco Fund Services (Europe) B.V., an affiliate of The Citco Group Ltd., acts as administrator, registrar and transfer agent for the Fund.
Dividend Policy	It is anticipated that the Fund will not declare any dividends; rather, income will be reinvested and will be reflected in the Net Asset Value of the Shares.

Sale, Redemption and Exchange Of Shares

Redemption at the Option of a Shareholder	A shareholder of the Fund, on fifteen (15) calendar days' (i.e., being any day not a Saturday or Sunday, that is not a public holiday or a day on which banks are generally authorized or obliged by law or regulation to close in the Netherlands, the Republic of Ireland or the United States of America) notice, may cause his Shares to be redeemed as of the last business day of any month. A shareholder is not required to hold his Shares for any minimum period of time in order to exercise his redemption privilege.
Compulsory Redemption	The Fund reserves the right to call all or a part of a shareholder's Shares for redemption at any time for any reason or for no reason.
Sales	The Fund will offer its Shares on a continuous basis. Subscriptions received during any calendar month prior to the fifth to the last business day of the month will ordinarily be accepted, subject to the discretion of the Manager, as of the first business day of the following month, i.e., subscriptions received between March 1 and March 25 will be accepted as of April 1. Subscriptions will become irrevocable to the subscriber on the fifth to the last business day of the month in which such subscription is received by the Fund.

Compensation and Expenses

Expenses	The initial offering expenses incident to the Shares are estimated to at approximately \$10,000. Such expenses will be advanced by the Manager and will thereafter be reimbursed by the Fund upon the initial closing of the Shares. Such expenses will be amortized among the holders of the Shares for a period of twelve months from the date of the initial closing of the offering of the Shares. The Fund will bear, for each year, all continuing offering costs; all ordinary legal and auditing fees; all registrar, transfer agent and administration fees; all insurance expenses; and all expenses in maintaining the Fund's office and all other expenses incurred in the operation of the Fund, if any, including any legal and auditing fees that relate to extraordinary circumstances, such as tax examinations or litigation involving the Fund, as well as all fees and all ordinary
----------	---

and necessary expenses related to the Fund's investment and trading activities. Transactional costs will be included in FSL's calculation of profit and loss and therefore will be indirectly borne by the Fund. The costs incident to the currency hedging program will be borne by the Fund. Fairfield Greenwich Advisors LLC, an affiliate of the Manager, will receive an annual expense reimbursement from the Fund, payable quarterly in an amount equal to one-fortieth of one percent (0.025%) of the Fund's Net Asset Value as of the last day of each calendar quarter, for providing certain administrative services and back-office support to the Fund. It receives a similar reimbursement from FSL for providing administrative services and back-office support to FSL.

Management Fee

The Fund does not directly pay the Manager a management fee. However, as investment manager of FSL (in which substantially all of the Fund's assets are invested), the Manager will receive from FSL a monthly management fee in an amount equal to one-twelfth of one percent (1.0% per annum) of FSL's Net Asset Value before the FSL Performance Fee (as defined), as calculated at the opening of the first day of each calendar month, which will include subscriptions for shares accepted by FSL as of the first day of the month. This fee is paid monthly in advance.

Performance Fee

The Fund does not directly pay the Manager a performance fee. However, as investment manager of FSL (in which substantially all of the Fund's assets are invested), the Manager will receive from FSL, for each calendar quarter, a performance fee (the "FSL Performance Fee") with respect to each share outstanding during such calendar quarter in an aggregate amount equal to 20% of any new high net profit, i.e., new appreciation, allocable to its shares, subject to reduction in connection with certain offsets with respect to each share. FSL shares which are either purchased or redeemed during a calendar quarter shall be subject to the payment of a FSL Performance Fee only for the portion of the calendar quarter during which such shares were outstanding. The FSL Performance Fee will only be paid on "new appreciation" in FSL's Net Asset Value allocable to the shares.

THE FUND

Description

The Fund was incorporated in the Territory of the British Virgin Islands ("BVI") as an international business company on March 19, 1997. The registered office of the Fund is located in Road Town, Tortola, British Virgin Islands.

Shareholders will have the right to redeem part or all of their Class B voting shares (the “Shares”), or purchase additional Shares, on a monthly basis (See “TRANSFERS, REDEMPTIONS AND TERMINATION”).

The Manager will not have any beneficial interest in the Fund, although FGL and certain of its principals have beneficial interests in Fairfield Sentry Limited, with which the Fund will invest. .

Pursuant to the Investment Management Agreement between the Fund and the Manager, the Manager is not liable for any error of judgment or for any loss suffered by the Fund unless such loss resulted from the Manager’s willful misfeasance, bad faith, gross negligence or reckless disregard of its obligations and duties. (See “RISK FACTORS”).

INVESTMENT POLICIES

The Fund seeks to obtain capital appreciation of its assets by primarily investing in Fairfield Sentry Limited, a British Virgin Islands corporation (“FSL”). FSL principally utilizes a nontraditional options trading strategy described as “split strike conversion”. This strategy has defined risk and profit parameters which may be ascertained when a particular position is established. Set forth below is a description of the “split strike conversion” strategy.

The establishment of a typical position entails (i) the purchase of a group or basket of equity securities that are intended to highly correlate to the S&P 100 Index, (ii) the sale of out of the money S&P 100 Index call options in an equivalent contract value dollar amount to the basket of equity securities, and (iii) the purchase of an equivalent number of out of the money S&P 100 Index put options. An index call option is out of the money when its strike price is greater than the current price of the stock; an index put option is out of the money when the strike price is lower than the current price of the index. The basket typically consists of approximately 35 to 40 stocks in the S&P 100.

The logic of this strategy is that once a long stock position has been established, selling a call against such long position will increase the standstill rate of return, while allowing upward movement to the short call strike price. The purchase of an out of the money put, funded with part or all of the call premium, protects the equity position from downside risk.

A bullish or bearish bias of the positions can be achieved by adjustment of the strike prices in the S&P 100 Index puts and calls. The further away the strike prices are from the price of the S&P 100 Index, the more bullish the strategy. However, the dollar value underlying the put options always approximates the value of the basket of stocks.

The options transactions executed for the benefit of FSL, and indirectly, the Fund, may be effected in the over-the-counter market or on a registered options exchange. (See "POTENTIAL CONFLICTS OF INTEREST").

Currency Hedge

In an effort to manage the U.S. Dollar exposure of the Fund's shareholders, the Manager has established an account at a nonaffiliated bank (the "Bank") to hedge the currency exposure of the shareholders resulting from the Fund holding assets denominated in U.S. Dollars. Generally, the Manager will apply a passive strategy designed to immunize investors against U.S. Dollar declines by seeking to continuously hedge the currency exposure utilizing foreign exchange instruments. The Fund may hedge its currency exposure through the purchase or sale of any foreign exchange instrument including forward contracts, currency option transactions and other derivatives. Obligations owed to the Bank may be collateralized from time to time by a pledge of the assets underlying the Shares (i.e., the Fund's FSL shares). The cost incident to managing the currency exposure of the shareholders will be reflected in the Net Asset Value of the Shares.

Other Investments

The Manager, as the investment manager of FSL, may in its sole and exclusive discretion allocate a portion of FSL's assets (never to exceed, in the aggregate, 5% of FSL's assets at the time of investment) to alternative investment opportunities other than FSL (the "Non-SSC Investments"). It is anticipated that the Non-SSC Investments will be allocated to new investment vehicles managed by experienced management teams establishing themselves in new investment businesses ("Emerging Managers"), with no single allocation exceeding \$50 million at the time it is made. These arrangements may include "lock-up" provisions of varying durations of these assets in such investments, subject to early release for breach of risk control or performance guidelines or for cause. The Manager and FSL generally share in fees received by portfolio managers of Non-SSC Investments from investors other than FSL. FSL will pay fees with respect to the Non-SSC Investments at a rate that will not exceed FSL's rate of fees (in certain cases, this may be

accomplished by the Manager subsidizing, from its own moneys, the fees charged on these assets by Non-SSC Investment managers).

In certain circumstances, the performance fee paid at the FSL level may be reduced for particular calendar quarters for certain Non-SSC Investment Losses, as defined below. See “POTENTIAL CONFLICTS OF INTEREST” and “FEES, COMPENSATION AND EXPENSES-Performance and Management Fees”.

In order to ensure that the Fund will not be subject to United States federal income taxation on trading gains from the disposition of certain investments, the Fund will not invest in any “United States real property interest” (including, for example, certain interests in any U.S. Corporation that is a “United States real property holding corporation”), as such terms are defined under the U.S. Internal Revenue Code of 1986 (the “Code”) and the Treasury Regulations promulgated thereunder. See “TAX CONSIDERATIONS AND EXCHANGE CONTROL.”

The Fund may invest some of its assets in short-term U.S. government obligations, certificates of deposit, short-term high grade commercial paper and other money market instruments, including repurchase agreements with respect to such obligations, money market mutual funds and short term bond funds. In order to ensure that substantially all of the interest earned by the Fund will not be subject to United States federal withholding taxes, any investment in an obligation of a U.S. person or entity (other than in certificates of deposits in banks) primarily will be in an instrument (i) which is issued and purchased at a discount from its face amount, which is not otherwise interest bearing, and which has a term of no more than 183 days from the date of issuance or (ii) which is in registered form and which is issued after July 18, 1984. See “TAX CONSIDERATIONS AND EXCHANGE CONTROL.”

Investment Restrictions

With the exception of the Fund’s investment in FSL, which will be on an unrestricted basis, the Fund will observe the following investment restrictions:

- a) no more than 10 percent of the Net Asset Value of the Fund will be invested in the equity or debt securities of any one issuer;
- b) the Fund may not hold more than 10 percent of the issued securities of any one class of securities in any issuer;
- c) no more than 10 percent of the gross assets of the Fund may be exposed to the creditworthiness or solvency of a single counterparty, in each case calculated at the time of investment;
- d) no more than 10 percent of the Net Asset Value of the Fund may be invested in securities whose prices are not quoted;
- e) no more than 10 percent of the Net Asset Value of the Fund may be invested in securities of countries where immediate repatriation rights are not available;
- f) the Fund will not invest in the securities of any issuer if the directors and officers of the Fund and the Manager collectively own in excess of 5 percent of such securities;

- g) the Fund will not take or seek to take legal or management control of the issuer of underlying investments;
- h) the Fund will adhere to the general principle of diversification in respect of all of its assets;
- i) the Fund will not invest directly in real property;
- j) the Fund will not make any loans (except to the extent that the acquisition of any investment in securities or commodity interests described herein may constitute a loan) except with the consent of the custodian of the Fund's assets; and
- k) no more than 10 percent of the Net Asset Value of the Fund will be invested in physical commodities

The investment restriction set out in (c) above will not apply to transactions with any counterparty which advances full and appropriate collateral to the Fund in respect of such transactions.

OFFERING OF THE SHARES

The Fund is offering up to 3,500,000 Class B voting shares, denominated in Euros (the "Shares"), at an initial offering price of 100 EUR per Share. After the initial closing, the Shares will be offered at a price equal to the Net Asset Value per Share (as defined) as calculated as of the opening of business on the date of issuance (generally the first business day of every month).

The Shares may not be sold directly or indirectly to (i) natural persons who are citizens, nationals, or residents of, or institutions or other entities organized, created, formed, chartered or resident in, the United States of America, (ii) entities as to which any person or entity described in (i) above is, directly, or indirectly, a beneficiary, fiduciary, grantor or decedent, or (iii) institutions or other entities owned, in whole or in part, directly or indirectly by the persons or entities described in (i) or (ii) above ("U.S. persons"). No shares may be subject to an option held by a U.S. person. Any transfer of Shares to a U.S. person is prohibited and will be subject to immediate and compulsory redemption by the Fund. (See "TRANSFERS, REDEMPTIONS AND TERMINATION - Transfers").

The Fund also offers its Class A Shares, which utilize the same investment strategy as the Shares, but which have a different fee structure incident thereto. The Fund initially sold what are now its Class A Shares in December 1999 at an initial offering price of 100EUR. As of May 31, 2003, the Net Asset Value per Class A Share was 137.47 EUR, with total assets of approximately 153,735,153 EUR (unaudited).

The minimum initial purchase by each subscriber is 200,000 EUR, unless the Fund deems it advisable to permit subscriptions for a lesser amount provided that such lesser amount shall at all times be no less than the EUR equivalent of US \$100,000. The Fund may reject any subscription, in whole or in part, in its discretion. All subscriptions, once made, are irrevocable to the subscriber.

All proceeds from the sale of Shares will be received by the Fund in trust and will be deposited by the Fund into segregated interest bearing accounts in the Fund's name at the Fund's subscription agent, Citco Bank Nederland N.V.

After the initial closing, the Fund will offer its Shares on a continuous basis at a price equal to the Net Asset Value per Share as calculated as of the opening of business on the date of issuance of such Shares. Subscriptions received during any calendar month prior to the fifth to the last business day of the month will be accepted, in the sole discretion of the Manager, as of the first business day of the following month. Thus, for example, subscriptions received between January 1 and January 25 will be accepted as of February 1. The Fund reserves the right, in its discretion, to accept any subscription prior to such first day. Subscriptions shall become irrevocable to the subscriber on the fifth to the last business day of the month in which such subscription is received by the Fund.

There are no underwriting arrangements with respect to the offering of Shares. All solicitations of subscriptions will be made directly by the Fund or through the assistance of unaffiliated placement agents and money managers, who may charge a placement fee of up to 5% of the total amount of the subscriptions for Shares sold, and/or share in the fees earned by the Manager, which they may rebate to their clients. FGBL or an affiliate thereof may also charge a placement fee of up to 3% on such subscriptions, provided that total placement fees do not exceed 5%. In certain instances, the Fund may deduct the amount of the placement fee from the subscription amount to pay to the unaffiliated placement agent and such amounts will not constitute part of the Fund's assets.

Net Asset Value Defined

The Net Asset Value of the Fund shall comprise the aggregate of:-

- (a) investments owned or contracted to be acquired by or for the account of the Fund, including the FSL Class B shares and the currency hedging account;
- (b) cash on hand or on deposit including accrued interest relating to the Fund;
- (c) cash payments outstanding on any Shares of the class allotted;
- (d) bills and demand notes and amounts receivable including net amounts receivable in respect of investments of the Fund contracted to be realized;
- (e) interest accrued on interest bearing investments of the Fund except that accrued on securities which is included in the quoted price; and
- (f) other property and assets of the Fund of any kind and nature including prepaid expenses and unamortised preliminary expenses as valued and defined from time to time by the Directors;

from which shall be deducted:-

- (i) investments of the Fund contracted to be sold;
- (ii) bills and accounts payable for the account of the Fund;
- (iii) management and administrative expenses payable and/or accrued (the latter on a day-to-day basis);

- (iv) the gross acquisition consideration of investments or other property contracted to be purchased for the Fund;
- (v) reserves authorized or approved by the Directors for duties and charges or taxes or contingencies (accrued where appropriate on a day-to-day basis);
- (vi) the aggregate amount of all borrowings and interest, commitment fee, and other charges arising in connection therewith (accrued where appropriate on a day-to-day basis); and
- (vii) liabilities of the Fund of whatsoever nature (which shall, where appropriate, be deemed to accrue from day-to-day) including outstanding payments on any Shares of the relevant class previously redeemed.

For the purpose of calculating the Net Asset Value of the Fund:

- (a) the value of any cash on hand or on deposit, bills and demand notes and accounts receivable, prepaid expenses, cash dividends and interest declared or accrued as aforesaid and not yet received shall be deemed to be the full amount thereof, unless in any case the same is unlikely to be paid or received in full, in which case the value thereof shall be arrived at after making such discount as the Directors may consider appropriate in such case to reflect the true value thereof;
- (b) the value of securities which are listed on a securities exchange (which term shall include any interdealer quotation system which provides for reporting of last sale price) shall be valued at their last sales prices on the last business day of the month on the largest securities exchange on which such securities shall have traded on such date, or, if trading in such securities on such exchange was reported on the consolidated tape, the last sales price on the consolidated tape (or, in the event that the last business day of the month is not a date upon which a securities exchange on which such securities are listed was open for trading, on the last prior date on which such a securities exchange was so open). If no sales of such securities occurred on either of such dates, such securities shall be valued at the reported last "bid" price (in the case of a security held long) and the last reported "asked" prices (in case of a security sold short) on the largest securities exchange on which such securities are traded, on the last business day of the month. Securities which are not listed shall be valued at their last "bid" prices on the last business day of the month if held "long" by the Fund and their last "asked" prices on the last business day of the month if held "short" by the Fund, as determined from representative dealers quotations. Securities for which no "bid" and "asked" prices are available shall be valued at such value as the Directors may determine. Securities which are commodities or commodity contracts shall be valued at their last prior sales prices on the principal board of trade

or other contracts market in which dealings are made or by quotations from the contra-party bank in the case of a forward contract. All other securities and other assets of the Fund (other than goodwill, which shall not be taken into account) shall be assigned such value as the Directors may determine. If the Directors determine that the valuation of any security pursuant to the foregoing does not fairly represent its market value, the Directors shall value such security as they determine and shall set forth the basis of such valuation in writing in the Fund's records;

- (c) the value of any shares of stock held by the Fund in an investment company shall be valued in accordance with the manner in which such shares are valued by such investment company; provided, however, that the Directors may make such adjustments in such valuation as the Directors may from time to time consider appropriate;
- (d) the value of any investment or security as aforesaid or other property for which no price quotations are available as above provided shall be determined in such manner, consistent with generally accepted accounting procedures, as the Directors may from time to time consider appropriate; and
- (e) notwithstanding the foregoing, where on the business day preceding the last business day of any month, any cash or other asset of the Company has been realized or contracted to be realized there shall be included in the assets of the Fund, in place of such cash or other asset, the assets receivable by the Fund in respect thereof, provided that if the value of such assets is not then known exactly then its value shall be as estimated by the Directors.

Notwithstanding the foregoing:

(i) in the case of extraordinary circumstances which warrant a different valuation of any securities, such as an inability to liquidate existing positions, such securities will be valued at such prices as the Directors shall determine; and

(ii) the amount of any distribution or dividend made shall be a liability of the Fund from the day when the distribution or dividend is declared until it is paid.

All decisions on the valuation of assets and liabilities and determination of Net Asset Value shall be made by the Fund's Board of Directors.

Net Asset Value per Share is defined as the Net Asset Value divided by the number of Shares then outstanding.

The difference between the Net Asset Value of the Fund and the Net Asset Value of FSL will be directly related to the results of, and charges incident to, the currency hedging trading account maintained with respect to the Fund's Shares.

The Net Asset Value of the Fund will be calculated on a monthly basis by the Fund's administrator, Citco Fund Services (Europe) B.V.

Pursuant to the Fund's Article of Association, the Fund may suspend the calculation of its Net Asset Value for the whole or any part of any period:

- (a) during which any stock exchange or over-the-counter market on which any significant portion of the investments of the Fund are listed, quoted, traded or dealt in is closed (other than customary weekend and holiday closing) or trading on any such stock exchange or over-the-counter market is restricted; or
- (b) when circumstances exist as a result of which in the opinion of the Directors it is not reasonably practicable for the Fund to dispose of investments or as a result of which any such disposal would be materially prejudicial to the shareholders; or
- (c) when a breakdown occurs in any of the means normally employed in ascertaining the value of investments or when for any other reason the value of any of the investments or other assets of the Fund cannot reasonably or fairly be ascertained; or
- (d) during which the Fund is unable to repatriate funds required for the purpose of making payments due on redemption of Shares or during which any transfer of funds involved in the realization or acquisition of investments or payments due on redemptions of Shares cannot in the opinion of the Directors be effected at normal rates of exchange.

Any such suspension shall take effect at such time as the Directors shall declare but not later than the close of business on the business day next following the declaration, and thereafter there shall be no determination of the Net Asset Value per Share of the Fund until the Directors shall declare the suspension at an end, except that such suspension shall terminate in any event on the first business day on which (a) the condition giving rise to the suspension shall have ceased to exist; and (b) no other condition under which suspension is authorized under the Fund's Articles of Association shall exist. Each declaration by the Directors pursuant to this paragraph shall be consistent with such official rules and regulations (if any) relating to the subject matter thereof as shall have been promulgated by any authority having jurisdiction over the Fund and as shall be in effect at the time. To the extent not inconsistent with such official rules and regulations, the determination of the Directors shall be conclusive. Whenever the Directors shall declare a suspension of the determination of the Net Asset Value per Share, then as soon as may be practicable after any such declaration, the Directors shall give notice to all shareholders stating that such declaration has been made. At the end of any period of suspension as aforementioned the Directors shall give notice to all shareholders stating that the period of suspension has ended.

FEES, COMPENSATION AND EXPENSES

Expenses

The initial offering expenses incident to the Shares are estimated to at approximately \$10,000. Such expenses will be advanced by the Manager and will thereafter be reimbursed by the Fund upon the initial closing of the Shares. Such expenses will be amortized among the holders of the Shares for a period of twelve months from the date of the initial closing of the offering of the Shares. The Fund bears all of the continuing offering costs and all other expenses incurred in the operation of the Fund, if any, including the ordinary and necessary expenses directly related to its investment and trading activities (including the costs incident to the currency trading hedging account), all administration fees, all insurance expenses and all legal and auditing fees, including any legal and auditing fees that relate to extraordinary circumstances, such as tax examinations or litigation involving the Fund. Transactional costs will be included in FSL's compensation of profit and loss and will, accordingly, be indirectly borne by the Fund. The Fund pays Fairfield Greenwich Advisors LLC, an affiliate of the Manager, an annual expense reimbursement charge of ten basis points, payable quarterly in an amount equal to one-fortieth of one percent (0.025%) of the Fund's Net Asset Value as of the last day of each calendar quarter, for providing certain administrative services and back-office support to the Fund. It receives a similar reimbursement from FSL for providing administrative services and back-office support to FSL.

Performance and Management Fees

The Manager does not receive either a management fee or a performance fee from the Fund. The Manager does receive a monthly management fee from FSL (in which substantially all of the Fund's assets are invested) in an amount equal to one-twelfth of one percent (1.0% per annum) of FSL's net asset value before the FSL Performance Fee (as defined), as calculated at the opening of business on the first business day of each calendar month, which will include subscriptions for shares accepted by FSL as of the first business day of the month. This fee is paid monthly in advance.

In addition, the Manager does receive a quarterly performance fee from FSL in an amount equal to twenty percent (20%) of the amount of any new high net profits, i.e., new appreciation, earned by FSL (the "FSL Performance Fee"). In the event that, as at the end of any calendar quarter, the aggregate amount of original investments in Non-SSC Investment vehicles exceeds the aggregate net asset value of FSL's interests in Non-SSC Investment vehicles (before deduction of FSL's share of fees payable by the Non-SSC Investment vehicles) (such excess being referred to as the "Non-SSC Investment Loss"), the Manager will reduce the amount of the FSL Performance Fee payable at subsequent quarter end by an amount equal to the Non-SSC Investment Loss. The portion of the FSL Performance Fee that is reduced to cover the Non-SSC Investment Loss will be carried forward. In the event the Non-SSC Investment Loss is, in whole or in part, subsequently recouped by Non-SSC Investment vehicles, FSL will pay the Manager such portion of the FSL Performance Fee that was previously reduced to cover the Non-SSC Investment Losses, in addition to the FSL Performance Fee otherwise payable in any quarter.

Salaries and Other Personnel Expenses

Mr. Noel will not be compensated for serving as a director of the Fund, but he and representatives of the Manager will be reimbursed by the Fund for any out-of-pocket expenses they may incur in attending meetings of the Board of Directors or of shareholders. The directors not affiliated with the Manager, of which there are two at the present time, will each be paid a fee of \$5,000 per annum by the Fund together with their out-of-pocket expenses in attending meetings of the Board of Directors or of shareholders.

ADMINISTRATOR, REGISTRAR AND TRANSFER AGENT

Pursuant to an agreement between Citco, Fund Services (Europe) BV ("Citco" or the "Administrator") and the Fund, Citco serves as the administrator for the Fund, under the overall direction of the Fund's Board of Directors. As administrator, Citco has the responsibility for furnishing the day to day administrative services which the Fund may require, such as: accounting services; maintaining the Fund's books and records; preparation of reports and accounts; calculation of Net Asset Value and fees; communications with shareholders and/or governmental bodies; paying the Fund's expenses; providing suitable facilities and procedures for handling dividends and distributions (if any) and the orderly liquidation and dissolution of the Fund, if required.

To the extent that Citco relies on information supplied by the Fund, any investee fund of the Fund or any brokers engaged by the Fund, in connection with making any of the aforementioned calculations, Citco's liability for the accuracy of such calculations is limited to the accuracy of its computations. Citco shall not be liable for the accuracy of the underlying data provided to it.

Pursuant to the Administration Agreement, dated as of February 20, 2003, between the Fund and Citco, the Fund has agreed to indemnify Citco its subsidiaries, affiliates, directors and other officers, shareholders, servants, employees, agents and permitted delegates under the Administration Agreement, against any and all liabilities, obligations, losses, judgments and expenses of any kind or nature whatsoever (collectively, the "Claims" and, individually, a "Claim") which may be imposed on, incurred by or asserted against any of them arising (other than by reason of negligence, bad faith, fraud or dishonesty on the part of Citco or such other indemnified party) out of the provision of services under the Administration Agreement. Similarly, Citco will indemnify the Fund from and against any Claim which arises directly out of the negligence, bad faith, fraud or dishonesty of its obligations on the part of Citco in connection with its provision of services under the Administration Agreement. The Administration Agreement may be terminated by either party on 90 days' prior written notice; provided, however, that the Administration Agreement may be terminated forthwith by notice in writing by either party if the other party (a) commits a material breach of the Administration Agreement and fails to cure such breach within 30 days after notice from the non-defaulting party; or (b) enters into involuntary liquidation or if a receiver is appointed over any of its assets.

RISK FACTORS

Among the substantial risk factors involved in a purchase of Shares in the Fund are the following:

1. **Trading Risks.** Substantial risks are involved in the trading of equity securities and options. Market movements can be volatile and are difficult to predict. U.S. Government activities, particularly those of the Federal Reserve Board, can have a profound effect on interest rates which, in

turn, substantially affects securities and options prices, as well as the liquidity of such markets. Politics, recession, inflation, employment levels, trade policies, international events, war and other unforeseen events can also have significant impact upon the prices of securities and options. A variety of possible actions by various government agencies also can inhibit the profitability of the Fund's business or can result in losses. Such events, which can result in huge market movements and volatile market conditions, create the risk of catastrophic losses for the Fund.

Various techniques are employed to attempt to reduce a portion of the risks inherent in the trading strategies utilized on behalf of the Fund. The ability to achieve the desired effect through a particular technique is dependent upon many factors, including the liquidity of the market at the desired time of execution. Thus, substantial risk remains that the techniques employed on behalf of the Fund by FSL and the Non-SSC Investment managers cannot always be implemented or effective in reducing losses. At various times, the markets for exchange-listed equity securities and options and/or other securities may be "thin" or illiquid, making purchases or sales of securities at desired prices or in desired quantities difficult or impossible. In addition, options prices are extremely volatile. The volume and volatility of trading in these markets depends in part on general public interest and public opinion concerning economic conditions as well as the liquidity provided by marketmakers and specialists. The liquidity of the market may also be affected by a halt in trading on a particular futures or securities exchange or exchanges. Illiquid markets may make it difficult to get an order executed at a desired price.

2. **Dependence Upon Principals and Key Employees of the Manager.** The services of the Manager's principals and key employees are essential to the continued operations of FSL and the Fund. If their services were no longer available, their absence would have an adverse impact upon an investment in the Fund. The key employees of the Manager will allocate a small portion of FSL's assets between and among the Non-SSC Investment managers. The Fund will be dependent on the continued presence of these key employees in connection with identification of the recipients of these allocations and the monitoring of the Non-SSC Investments.

3. **Conflicts of Interest.** The Manager and the Non-SSC Investment managers receiving allocations of FSL's assets, and their respective principals and affiliates, are presently affiliated with and may in the future form and manage, or provide other services to, other investment entities (including without limitation investment partnerships, investment companies and mutual funds) with substantially the same or different objectives as those of the Fund. They may also make investments in securities for their own accounts. In addition, the Manager functions as the investment manager for unregistered foreign investment companies in addition to the Fund. Such activities could detract from the time that the Manager and its principals allocate to the affairs of FSL and the Fund. The Manager will obtain certain business and financial benefits from FSL's investments in the Non-SSC Investments which may result in a conflict of interest between the Manager and FSL in the selection of, and allocation of assets between and among the Non-SSC Investments. See "POTENTIAL CONFLICTS OF INTEREST".

4. **Conflicts of Interest-Transaction Executions.** The broker-dealer through which FSL conducts its "split strike conversion" transactions, in its role as a market maker, may effect transactions in equity securities with the Fund as principal. This may provide such broker-dealer with the ability to use the Fund's assets to enhance its equities market-making function.

5. **Competition.** The securities industry, including market-making activities and transactions effected in connection therewith, is very competitive. Competition from other persons or entities involved in activities similar to those of the Fund can restrict the ability of the Fund to acquire positions at the prices deemed most beneficial to its overall trading strategies. Many such competing persons or entities are better capitalized and have more experience in trading than the Fund. Moreover,

the widespread use of computer-assisted trading systems for trading strategies can alter trading patterns or affect execution of trades to the detriment of the Fund.

6. **Regulated Industries.** The securities and commodities industries are highly regulated. The Fund will not be directly subject to regulation by the SEC, national securities exchanges, the CFTC or the Federal Reserve Board. However, the SEC and CFTC regularly review the practices and procedures of the securities and commodities industries, and the marketplace in general, and from time to time revises rules and regulations pertaining thereto. The exchanges engage in similar reviews and at times revise their rules. There can be no assurance whatsoever that any rules and regulations promulgated by the SEC, the CFTC, the Federal Reserve Board, or the various securities exchanges or statutory amendments to the Securities Exchange Act of 1934 or the Commodity Exchange Act will not adversely impact the Fund.

7. **Clearing Firm Loss or Insolvency.** If a clearing firm utilized in connection with accounts maintained on behalf of FSL was to become insolvent, the Fund could have some or all of these positions closed out without its consent. All of FSL's positions may not be closed out under these circumstances, yet delays or other difficulties may be experienced in attempting to close out or exercise options positions. Widespread insolvency among clearing firms that clear securities options could also impair the ability of the Options Clearing Corp. (the "OCC") to honor all exercises, in spite of the system of safeguards which the OCC has in place. Such widespread insolvency could result in substantial losses to the Fund.

8. **Over-the-Counter Options Transactions.** A portion of the options transactions effected on behalf of the Fund may utilize the over-the-counter market for their execution. Trading index options in the over-the-counter market is subject to counter-party risk and is without the protections afforded by transactions effected through the Options Clearing Corporation, a registered options exchange.

9. **Option Buyer's Risk of Loss of Entire Investment.** An option is a wasting asset which becomes worthless when the option expires. As the remaining life of an option shortens with the passage of time, its value is reduced until it reaches zero upon expiration. This means that the option buyer who neither sells it in the secondary market nor exercises it prior to expiration will lose his entire investment in the option.

10. **Arbitrage Transactions.** Among the many risks of arbitrage transactions are that two or more buy or sell orders may not be able to be executed simultaneously at the desired prices, resulting in a loss being incurred on both sides of a multiple trade arbitrage transaction. Also, the transaction costs of arbitrage transactions can be especially significant because separate costs are incurred on each component of the combination. Consequently, a substantial favorable price movement may be required before a profit can be realized.

11. **Combination Transactions.** At various times, the Fund, through its investments in FSL and the Non-SSC Investments, may engage in spreads or other combination options transactions involving the purchase and sale of related options contracts, in various combinations. Such transactions are considerably more complex than the purchase or writing of a single option. The following are among the many risks of combination option transactions: the difficulty that may be involved in attempting to execute simultaneously two or more buy or sell orders at the desired prices; the possibility that a loss could be incurred on both sides of a multiple options transaction; and the possibility of significantly increased risk exposure resulting from the hedge against loss inherent in most spread positions being lost as a result of the assignment of an exercise to the short leg of a spread while the long leg remains outstanding. Also, the transaction costs of combination options transactions can be especially significant

because separate costs are incurred on each component of the combination. This can have the effect of requiring a substantial favorable price movement before a profit can be realized.

12. **Trading Decisions Based on Trend Analysis.** Certain of the trading decisions made on behalf of the Fund are based on the use of computer pricing models to identify apparently overpriced or underpriced options in relationship to an assumed norm. In addition, analyses of price and other fluctuations over time may be relied upon which utilize charts and computers in order to discern and predict trends. Trading based on such analyses is subject to the risks that options premiums will not increase or decrease as predicted by the analyses, or that trades dictated by the analyses may not be executed in time to take advantage of the price disparities. This latter risk is likely to materialize when numerous market makers use similar analyses, all of which dictate the desirability of executing identical or similar contracts. In the past, there have been periods without identifiable trends and, presumably, such periods will continue to occur. Trading models or analyses that depend upon the forecasting of trends will not be profitable if there are not identifiable trends of the kind that the models or analyses seek to follow. Any factor which would make it more difficult to execute trades in accordance with the models or analyses signals, such as a significant lessening of liquidity in a particular market, would also be detrimental to profitability.

13. **Assignment of Puts or Calls.** Substantial losses may result under certain circumstances if a hedged position becomes a long or short position due to the assignment of the short put or short call portion of the hedged position. Under normal market conditions, the remaining portion of the previously hedged portion may be liquidated or otherwise adjusted to limit exposure to price changes. Suspension of trading of the option class or underlying securities followed by a price gap at the reopening of trading might result in substantial losses. The same would be true given an illiquid market such as that of October 1987.

14. **Prohibition of Exercise Rights.** The options markets have the authority to prohibit the exercise of particular options. If a prohibition on exercise is imposed at a time when trading in the option has also been halted, holders and writers of that option will be locked into their positions until one of the two restrictions has been lifted.

15. **Compensation Arrangements of Non-SSC Investments.** The Non-SSC Investment managers will generally be compensated through incentive arrangements. Under these arrangements, the Non-SSC Investment manager may benefit from appreciation, including unrealized appreciation in the value of the Non-SSC Investment, but may not be similarly penalized for decreases in the value of such investment vehicle. Such fee arrangements may create an incentive for the Non-SSC Investment managers to make purchases that are unduly risky or speculative. In most cases, however, the Fund anticipates that FSL will invest in Non-SSC Investments where the manager is required to recoup prior losses before any performance-type fee is payable in respect of current gains. To the extent that an accrual for an incentive fee is reflected in the net asset value of shares of a Non-SSC Investment vehicle, then, if such accrual is reversed by the Non-SSC Investment vehicle as a result of subsequent depreciation in the value of such investment, all of the shares of FSL and, accordingly, the Fund, will benefit from the reversal of the accrual, including Shares purchased after the Non-SSC Investment vehicle made the accrual. Further, to the extent that the FSL Performance Fee is reduced by the Non-SSC Investment Loss amount, then if such reduction is repaid in part or in whole by FSL due to recoupment of losses by Non-SSC Investment vehicles, the net asset value of all shares of FSL and, accordingly, the Fund then outstanding will be reduced, including Shares purchased after the reduction of the FSL Performance Fee.

16. **Risks of Leverage.** The Non-SSC Investment vehicles in which the Fund invests may borrow funds in connection with their investment strategies. A particular Non-SSC Investment vehicle may not be subject to any limitation in the amount of its borrowings, and the amount of borrowings that

the Non-SSC Investment vehicle may have outstanding at any time may be large in comparison to its capital.

The use of leverage may provide the Non-SSC Investment vehicle with the opportunity for greater capital appreciation, but at the same time will increase the Non-SSC Investment vehicle's, and indirectly the Fund's, exposure to capital risk and higher current expenses. Moreover, if the assets of the Non-SSC Investment vehicle are not sufficient to pay the principal of, and interest on, the Non-SSC Investments vehicle's debt when due, the Fund could sustain a total loss of its investment in the Non-SSC Investment vehicle.

17. **Possibility of Misappropriation of Assets.** When FSL invests with Bernard L. Madoff Investment Securities or in a Non-SSC Investment vehicle, it will not have custody of the assets so invested. Therefore, there is always the risk that the personnel of any entity with which the Fund invests could misappropriate the securities or funds (or both) of the Fund.

18. **Sole Proprietor Non-SSC Investment Managers.** Some of the Non-SSC Investment vehicles to which FSL may allocate capital will consist of investment operations with only one principal. In such cases, if that individual's services became unavailable to the Non-SSC Investment vehicle, the Fund might sustain losses.

19. **Experience of Non-SSC Investment Managers.** While certain of the Non-SSC Investment managers have had extensive experience in trading securities generally and with their specific investment strategies, they have had little experience in investing and trading on behalf of a pooled investment vehicle, in utilizing certain of the investment strategies to be employed on behalf of the Fund or in managing an account as large as that anticipated for the Non-SSC Investments. In that regard, as the assets of the Non-SSC Investment vehicles increase, it is not known what effect, if any, this will have on the trading strategies utilized on their behalf or their investment results.

20. **Emerging Managers.** As the Non-SSC Investment vehicles generally will be in an early stage of formation or operation, this can pose a number of operational and other issues. For example, in its early stages the Non-SSC Investment manager may have little capital available to cover expenses and, accordingly, may have difficulty attracting qualified personnel. Competing investment managers have a larger number of qualified management and technical personnel and benefit from a larger capital base.

21. **Lack of Liquidity.** Certain of the investments in the Non-SSC Investments will be subject to lock-up provisions any which will limit the ability of FSL to withdraw capital from such investment. While such lock-up period may be subject to early release for breach of risk control or performance guidelines or for cause, there can be no assurance that FSL, and therefore the Fund, will not sustain additional losses while such lock-up period remains in effect.

22. **Exchange Rate Risk.** The Fund will maintain its assets in U.S. dollars. The Fund has established an account which will effect transactions in the currency market in an effort to hedge against such risks as they pertain to the Euro, which is the functional currency of the Fund. There can be no assurance that such transactions will be successful in protecting the shareholders against this exchange rate risk. In addition, a hedge may be established in anticipation of new subscriptions. In the event such new subscriptions are not made, the hedge positions will be unwound and the transaction costs will be borne by the existing shareholders.

23. **Forward Trading in Currencies.** The Fund may engage in a substantial amount of trading in forward contracts, swaps and other similar instruments with respect to currencies ("Forward Contracts"). Forward Contracts are not traded on exchanges; rather, banks and dealers act as principals in these markets. Forward trading is substantially unregulated; there is no limitation on the daily price

movements of Forward Contracts. The principals who deal in the forward markets are not required to continue to make markets in the Forward Contracts they trade. There have been periods during which certain participants in the forward markets have refused to quote prices for Forward Contracts or have quoted prices with an unusually wide spread between the price at which they were prepared to buy and that at which they were prepared to sell. The Fund will trade Forward Contracts through a limited number of entities, and as a result liquidity problems might be greater in the Fund's forward trades than they would be were trades to be placed through a larger number of forward market participants. The imposition of credit controls by governmental authorities might also limit such forward trading to less than that which the manager of the account would otherwise recommend, to the possible detriment of the Fund.

In respect of its forward trading, the Fund is subject to the risk of the inability or refusal to perform with respect to such contracts on the part of the principals or agents with or through which the Fund trades. Any such failure or refusal, whether due to insolvency, bankruptcy or other causes, could subject the Fund to substantial losses. The Fund will not be excused from the performance of any Forward Contracts into which it has entered due to the default of third parties in respect of other forward trades which in the Fund's trading strategy were to have substantially offset such contracts.

Currency forwards prices are volatile. Price movements of these contracts are influenced by, among other things: government trade, fiscal, monetary and exchange control programs and policies; national and international political and economic events; and changes in interest rates. Governments from time to time intervene in the currency markets with the specific intent of influencing prices directly.

24. **Currency Account.** The Bank managing the Fund's currency hedging account may, from time to time, receive a pledge of the assets underlying the Shares as collateral for the Fund's obligation in the currency hedging account. In the event such a pledge is in effect and the Fund is unable to pay all or a portion of its obligations to the Bank in connection with the currency hedging account, all or a portion of the assets underlying the Shares (i.e., the Fund's FSL shares) may be forfeited.

POTENTIAL CONFLICTS OF INTEREST

The Manager, and its principals may form and manage other investment entities (including without limitation investment partnerships, investment companies, mutual funds and offshore funds) in the future with substantially the same or different objectives as those of the Fund. They may also make investments in securities for their own accounts. Such activities could detract from the time they allocate to the affairs of the Fund. Similarly, Messrs. Naess and Schmid, the non-affiliated directors, have other business interests and will not devote their entire time to the Fund's affairs. See also "RISK FACTORS". In connection with FSL's Non-SSC Investments, the Manager and its affiliates may obtain financial and business benefits, including but not limited to: (i) additional investment capacity in Non-SSC Investment strategies, which may be made available to other clients of the Manager, (ii) compensation from Emerging Managers in connection with placement of such additional investment capacity, and/or (iii) sharing in the equity or cash flows of the entire investment business (FSL and non-FSL related) of such Emerging Managers. The Manager will share with FSL, through FSL Performance Fee offset, an amount equal to the greater of (i) 50% of cash flows generated by equity held by the Manager in the businesses of Emerging Managers and (ii) 10% of all revenues accruing to the Manager directly from its association with Non-SSC Investment Vehicles (the "Shared Cash Flow Amount"). Despite this sharing, the arrangements described in this paragraph may result in a conflict of interest between the Manager and the Fund.

Because FSL and the Fund were organized by the Manager, the fees paid by the Fund to the Manager were not the result of arms-length negotiation.

The Fund may engage placement agents to market the Fund. If you are introduced to the Fund by an agent, you should expect it to be paid by the Manager for the introduction, out of the fees the Manager receives from the Fund. You should also expect the agent to have an incentive to recommend that you remain an investor in the Fund, since the agent will likely be paid a portion of the Manager's fees each year that you remain an investor.

Because Mr. Noel is a principal of the Manager as well as a Director of the Fund, he may have an incentive to take actions as a Director that favors the Manager over the Fund.

Each service provider to the Fund shall pay regard to its obligation to act in the best interest of the Fund and the Directors of the Fund will ensure that all potential conflicts of interest are resolved fairly and in the interest of the shareholders. When allocating investment opportunities, the Manager will ensure that all such investments are allocated in a fair and equitable manner.

DESCRIPTION OF SHARES

The Fund is authorized to issue up to 5,000,000 shares two classes (1,500,000 Class A Shares and 3,500,000 Class B Shares), with a par value of .01 EUR each (the "Fund Shares"). The Fund has an authorized share capital of 50,000 EUR. The Fund Shares will be issued in book entry form, unless delivery of the Fund Shares in registered form is requested. Fund Shares will not be issued in bearer form. Each Fund Share, when issued, will be fully paid and nonassessable.

Holders of Fund Shares are entitled to one vote per share and will participate on a pro rata basis in the assets of the Fund on liquidation and in dividends and other distributions as declared.

DIVIDEND POLICY

Since the business objective of the Fund is directed toward achieving capital appreciation, it is anticipated that the Fund will not declare any dividends or make any distributions to its shareholders. Subject to the foregoing and to applicable law, the Fund's Board of Directors will have sole discretion in determining the amount and frequency of dividend distributions, if any.

TRANSFERS, REDEMPTIONS AND TERMINATION

Transfers

NO SALE OR TRANSFER OF SHARES WILL BE PERMITTED WITHOUT THE FUND'S CONSENT; HOWEVER, SHARES MAY BE REDEEMED AS OF THE LAST BUSINESS DAY OF EACH CALENDAR MONTH OF EACH YEAR ON 15 CALENDAR DAYS' NOTICE TO THE FUND.

Any sale or transfer of a shareholder's entire interest in any Shares or any transfer of Shares by operation of law must be submitted to the Fund for consent and will not be effective until such consent is given by the Fund. Any other dealing with Shares by way of assignment, pledge, mortgage or otherwise is prohibited unless consented to by the Fund and any attempt to do so without

first obtaining the Fund's consent, which may be withheld in the sole and exclusive discretion of the Fund, will constitute grounds for compulsory redemption of the Shares concerned as of the next permissible redemption date (as described below) and the imposition of a processing charge of 2% of the Net Asset Value with respect to such redemption. Any application to record a transfer of Shares, including an application to record a transfer by operation of law, if not approved by the Fund within 30 days, also will be treated as an application to redeem the Shares in question as of the next permissible redemption date and will be subject to a processing charge per share of 2% of the Net Asset Value per Share.

THE DISPOSITION OF SHARES TO U.S. PERSONS (AS DEFINED UNDER "OFFERING OF SHARES") WITHOUT THE PRIOR WRITTEN APPROVAL OF THE FUND IS EXPRESSLY PROHIBITED, AND THE FUND SHALL HAVE THE RIGHT COMPULSORILY AND IMMEDIATELY TO REDEEM ANY SHARES HELD FOR ANY REASON BY U.S. PERSONS.

Redemptions at the Option of the Shareholders

A shareholder may cause part or all of his Shares to be redeemed as of the last business day (i.e., being any day not a Saturday or a Sunday, that is not a public holiday or a day on which banks are generally authorized or obliged by law or regulation to close in the Netherlands, the Republic of Ireland or the United States of America) of each calendar month of each year, provided that the Fund shall be in receipt of written notice of redemption for at least fifteen (15) calendar days prior to such redemption date. In the Fund's discretion, a shareholder requesting redemption of part of his Shares may be required to redeem all of his Shares unless such shareholder notifies the Fund to cancel the redemption. A Shareholder is not required to hold his Shares for any minimum period of time to exercise his redemption privilege.

Compulsory Redemption

The Fund reserves the right to call all or a part of a shareholder's Shares for redemption at any time for any reason or no reason. Except as set forth above, no processing charge will be imposed with respect to any Shares so compulsorily redeemed.

Redemptions - General Information

Redemptions will be at the Net Asset Value per Share calculated as of the last business day of the month of redemption, subject to any applicable processing charge, as described above. If notice of intent to voluntarily redeem is not received by the Fund within the prescribed period of time, then in the Fund's discretion, the redemption date may be deferred to the end of the next following permissible redemption period, unless the shareholder notifies the Fund to cancel the redemption and the Directors consent to such cancellation. Except in the case of extraordinary circumstances, such as an inability to liquidate existing positions, or the default or delay in payments due the Fund from brokers, banks or other persons, payment on redemptions will be made within 30 days after the redemption date. The Fund will not pay interest to the redeeming shareholder on any payment.

Shareholders bear the risk of any decline in Net Asset Value from the date notice of intent to redeem is given until the redemption date. In addition, the Fund may temporarily suspend any redemption during any period that the Fund has suspended the calculation of its Net Asset Value (see "OFFERING OF THE SHARES-Net Asset Value Defined"). Requests for redemption can be made

by use of the form included in the Subscription Documents which accompany this Offering Memorandum.

Termination

The shareholders may, by a majority vote, elect to wind up and dissolve the Fund at any time. If the Fund's Board of Directors determines that it would be in the best interests of the Fund to wind up and dissolve the Fund at any time, it will recommend to the shareholders that they vote to do so, and will submit a plan of dissolution for approval by the shareholders.

ANTI-MONEY LAUNDERING REGULATIONS

As part of the Fund's responsibility for the prevention of money laundering, the Manager and its affiliates, subsidiaries or associates may require a detailed verification of a shareholder's identity, any beneficial owner underlying the normal ownership of the Shares and the source of the payment for the Shares.

The Manager reserve the right to request such information as is necessary to verify the identity of a subscriber and the underlying beneficial owner of a subscriber's or a shareholder's Shares in the Fund. In the event of delay or failure by the subscriber or shareholder to produce any information required for verification purposes, the Manager may refuse to accept a subscription or may cause the redemption of any such shareholder from the Fund. The Fund, without notice, may suspend the redemption rights of such shareholder if the Fund or the Manager reasonably deems it necessary to do so to comply with anti-money laundering regulations applicable to the Fund, the Manager or any of the Fund's other service providers.

Each subscriber and shareholder shall be required to make such representations to the Fund as the Fund and the Manager shall require in connection with such anti-money laundering programs, including without limitation, representations to the Fund that such subscriber or shareholder is not a prohibited country, territory, individual or entity listed on the U.S. Department of Treasury's Office of Foreign Assets Control ("OFAC") website and that it is not directly or indirectly affiliated with, any country, territory, individual or entity named on an OFAC list or prohibited by any OFAC sanctions programs. Such shareholder shall also represent to the Fund that amounts contributed by it to the Fund were not directly or indirectly the proceeds of criminal conduct or derived from activities that may contravene U.S. federal, state or international laws and regulations, including anti-money laundering laws and regulations.

ANTI MONEY-LAUNDERING POLICIES

To ensure compliance with statutory and other generally accepted principles aimed at the prevention of money-laundering, the Fund and/or the Administrator may require a detailed verification of a prospective investor's identity. Although the Fund and/or the Administrator reserve the right to request a detailed verification of a prospective investor's identity, a detailed verification should not be necessary if:

- the prospective investor makes a subscription payment from an account held in their own name at a Qualified Financial Institution (a "QFI"); or

- the prospective investor is introduced by a QFI and that QFI provides written assurance to the Fund and/or the Administrator that it has established the identity of the prospective investor and holds evidence of that identity.

A QFI is defined as a financial institution which is:

- established in a European Union (EU) member state and subject to the EU Money Laundering Directives; or
- established in one of the countries which make up the Financial Action Task Force and/or is subject to regulation which complies with the FATF Recommendations. Such countries are the 15 EU countries, being Austria, Belgium, Denmark, Finland, France, Germany, Greece, Ireland, Italy, Luxembourg, the Netherlands, Portugal, Spain, Sweden and the United Kingdom, together with Australia, Canada, Channel Islands, Hong Kong, Iceland, Isle of Man, Japan, New Zealand, Norway, Singapore, Switzerland and the United States and Turkey.

Prospective investors who DO NOT make the subscription payment from an account held in their own name at a QFI and who are NOT introduced by a QFI will be required to provide the following documentation, as relevant to their status.

Individual Investors will be required to provide the following information:

- full name;
- permanent address;
- a certified copy of their passport or national identity card;
- a bank reference letter; and
- verification of address.

Partnerships will be required to provide the following information:

- a mandate from the partnership authorizing the subscription and conferring authority on those persons executing the subscription agreement; and
- the identities of at least two partners and of all those authorized to issue instructions.

Corporate entities that are quoted on a stock exchange in an EU member country or in one of the QFI prescribed countries or that are known to be the subsidiary of such a quoted company will be required to provide the following information:

- the original or certified copy of the certificate of incorporation or similar document;
- a list of the directors' names, occupations, addresses and dates of birth; and

- properly authorized mandate of directors authorizing the subscription and conferring authority on those persons executing the subscription form.

Where the prospective investor to the transaction is a corporation that is a private company, the following additional information will need to be provided:

- certified passport copies or national identity card copies of at least two directors; and
- a list of names and addresses of shareholders holding 10% or more of the issued share capital of the company and in the case of individual shareholders, their occupations and dates of birth.

When a significant shareholder of a private company (25% or more) is a body corporate, information will need to be provided from the company regarding the ultimate beneficial ownership of that particular body corporate. If the ultimate beneficial owner(s) of that particular body corporate is (are) individual(s), such individual(s) will need to provide the information that is required from individual investors and outlined above.

Furthermore, subscriptions will be cross checked against lists held by various international agencies in order to establish that the persons or entities subscribing have not been blacklisted or wanted in connection with a criminal investigation. Such international agencies include the Bahamas Financial Intelligence Unit, the Central Bank of Ireland, the FBI and the Bank of England. Other agencies will be consulted as and when appropriate.

Finally, it should be noted that redemption payments will only be paid to a bank account held in the name of the registered owner of the Shares and that any transferee will have to furnish the same information (and enter into a subscription agreement) which would be required in connection with a direct subscription in order for a transfer application to be considered by the Administrator.

Pending the provision of evidence satisfactory to the Administrator as to the identity of any prospective investor, the evidence of title in respect of Shares may be retained at the absolute discretion of the Administrator. If, within a reasonable period of time following a request for verification of identity, the Administrator has not received evidence satisfactory to it as aforesaid, it may, in its absolute discretion, refuse to allot the Shares applied for in which event application moneys will be returned without interest to the account from which such moneys were originally debited.

Financial institutions which have been duly qualified and authorized to exercise their activity in their respective countries as a bank and which are subject to internationally recognized anti money-laundering legislation may subscribe for Shares on behalf of their clients.

TAX CONSIDERATIONS AND EXCHANGE CONTROL

As of the date of this Memorandum, the Fund is exempt from all provisions of the Income Tax Act of the British Virgin Islands, including with respect to all dividends, interests, rents, royalties, compensation and other amounts payable by the Fund to persons who are not persons resident in the BVI. Capital gains realized with respect to any shares, debt obligation or other securities of the Fund by persons who are not resident in the BVI are also exempt from the provisions of the Income Tax Act of the British Virgin Islands. No estate, inheritance, succession or gift tax,

rate, duty, levy or other charge is payable by persons who are not persons resident in the BVI with respect to any shares, debt obligations or other securities of the Fund.

There are no exchange control restrictions in the BVI. Accordingly, the Fund will be free to acquire, to hold and to sell any foreign currency and securities without restriction.

The Fund's gains from its trading in stocks, options or other investments should not be subject to United States federal income, branch or withholding taxes because the Fund expects that it will not be engaged (or treated as engaged) in a "trade or business" in the United States, or treated as a personal holding company, for United States federal income tax purposes. Any dividend income received by the Fund from U.S. corporations generally will be subject to United States federal withholding taxes. Although substantially all of the interest earned by the Fund from sources within the United States is expected to be of the type which will not be subject to United States federal income, branch or withholding taxes, the Fund may earn interest from time to time that could be subject to United States federal income, branch or withholding taxes (although it is not expected that the amount of such taxes would be material). In addition, with respect to Shares held by non-U.S. persons who are not engaged in a "trade or business" in the United States (as defined under the Internal Revenue Code [the "Code"]), such persons should not be subject to United States federal income, branch or withholding taxes (i) on dividends paid to them by the Fund and (ii) on the redemption of their Shares by the Fund. The Fund expects that it will not be subject to state and local taxes in the United States on its income or capital. Because of the absence of full guidance under state and local law, however, this result is not entirely clear. The conclusions in this paragraph are based on the Code and existing laws, judicial decisions and administrative regulations, rulings and practice in the United States, all of which are subject to change.

Prospective subscribers should consult their professional advisors on the possible tax consequences of subscribing for, buying, holding, selling, transferring or redeeming Shares under the laws of their country of citizenship, residence or domicile.

The Agreement shall survive the acceptance of the subscription. If Subscriber consists of more than one person, the Agreement shall be the joint and several obligation of each person.

17. Governing Law. This Agreement shall be governed and enforced in accordance with New York law, without giving effect to its conflict of laws provisions.

18. Legal Representation. Subscriber understands that the Law Offices of Andrew E. Goldstein acts as U.S. counsel to the Fund, and as counsel to the Investment Manager and its affiliates. Subscriber also understands that, in connection with this offering of Shares and subsequent advice to the Fund, the Law Offices of Andrew E. Goldstein will not be representing the shareholder, and no independent counsel has been engaged by the Fund to represent the shareholders.

19. Authority. Subscriber's execution, delivery and performance of this Agreement are within its powers, have been duly authorized and will not constitute or result in a breach or default under or conflict with any order, ruling or regulation of any court or other tribunal or of any governmental commission or agency, or any agreement or other undertaking, to which Subscriber is a party or by which it is bound, and, if Subscriber is not an individual, will not violate any provision of the incorporation papers, by-laws, indenture of trust or partnership agreement, as may be applicable, of the Subscriber. The signature on this Agreement is genuine, and the signatory, if Subscriber is an individual, has legal competence and capacity to execute the Agreement, or, if Subscriber is not an individual, the signatory has been duly authorized to execute the Agreement, and the Agreement constitutes a legal, valid and binding obligation of Subscriber, enforceable in accordance with its terms.

20. New York Courts. Subscriber agrees that any suit, action or proceeding ("Proceeding") with respect to this Agreement and the Fund may be brought in New York. Subscriber irrevocably submits to the jurisdiction of New York courts with respect to any Proceeding and consents that service of process as provided by New York law may be made upon Subscriber in such Proceeding, and may not claim that Proceeding has been brought in an inconvenient forum. Subscriber consents to the service of process out of any New York court in any such Proceeding, by the mailing of copies thereof, by certified or registered mail, return receipt requested, addressed to Subscriber at the address of Subscriber then appearing on the Fund's records. Nothing herein shall affect the Fund's right to commence any Proceeding or otherwise to proceed against Subscriber in any other jurisdiction or to serve process upon Subscriber in any manner permitted by any applicable law in any relevant jurisdiction.

21. Office of Foreign Assets Control. (A) Subscriber understands and agrees that the Fund prohibits the investment of funds by any persons or entities that are acting, directly or

indirectly, (i) in contravention of any applicable laws and regulations, including anti-money laundering regulations or conventions, (ii) on behalf of terrorists or terrorist organizations, including those persons or entities that are included on the List of Specially Designated Nationals and Blocked Persons maintained by the U.S. Treasury Department's Office of Foreign Assets Control¹ ("OFAC"), as such list may be amended from time to time, (iii) for a senior foreign political figure, any member of a senior foreign political figure's immediate family or any close associate of a senior foreign political figure², unless the Fund, after being specifically notified by Subscriber in writing that it is such a person, conducts further due diligence, and determines that such investment shall be permitted, or (iv) for a foreign shell bank³ (such persons or entities in (i) – (iv) are collectively referred to as "Prohibited Persons").

(B) Subscriber represents, warrants and covenants that: (i) it is not, nor is any person or entity controlling, controlled by or under common control with Subscriber, a Prohibited Person, and (ii) to the extent Subscriber has any beneficial owners⁴ or is acting as agent or nominee in connection with this investment, (a) it has carried out thorough due diligence to establish the identities of such beneficial owners, (b) based on such due diligence, Subscriber reasonably believes that no such beneficial owners are Prohibited Persons, (c) it holds the evidence of such identities and status and will maintain all such evidence for at least five years from the date of Subscriber's complete redemption from the Fund, and (d) it will make available such information and any additional information requested by the Fund that is required under applicable regulations.

(C) If any of the foregoing representations, warranties or covenants ceases to be true or if the Fund no longer reasonably believes that it has satisfactory evidence as to their truth, notwithstanding any other agreement to the contrary, the Fund may, in accordance with applicable regulations, freeze Subscriber's investment, either by prohibiting additional investments, declining or suspending any redemption requests and/or segregating the assets constituting the investment, or Subscriber's investment may immediately be redeemed by the Fund, and the Fund may also be required to report such action and to disclose Subscriber's identity to OFAC or other authority. In the event that the Fund is required to take any of the foregoing actions, Subscriber understands and agrees that it shall have no claim against the Fund, the Investment Manager, the Administrator, and their respective affiliates, directors, members, partners, shareholders, officers, employees and agents for any form of damages as a result of any of the aforementioned actions.

¹ The OFAC list may be accessed on the web at <http://www.treas.gov/ofac>.

² Senior foreign political figure means a senior official in the executive, legislative, administrative, military or judicial branches of a foreign government (whether elected or not), a senior official of a major foreign political party, or a senior executive of a foreign government-owned corporation. In addition, a senior foreign political figure includes any corporation, business or other entity that has been formed by, or for the benefit of, a senior foreign political figure. The immediate family of a senior foreign political figure typically includes the political figure's parents, siblings, spouse, children and in-laws. A close associate of a senior foreign political figure is a person who is widely and publicly known internationally to maintain an unusually close relationship with the senior foreign political figure, and includes a person who is in a position to conduct substantial domestic and international financial transactions on behalf of the senior foreign political figure.

³ Foreign shell bank means a foreign bank without a physical presence in any country, but does not include a regulated affiliate. A post office box or electronic address would not be considered a physical presence. A regulated affiliate means a foreign shell bank that: (1) is an affiliate of a depository institution, credit union, or foreign bank that maintains a physical presence in the United States or a foreign country, as applicable; and (2) is subject to supervision by a banking authority in the country regulating such affiliated depository institution, credit union, or foreign bank.

⁴ Beneficial owners will include, but shall not be limited to: (i) shareholders of a corporation; (ii) partners of a partnership; (iii) members of a limited liability company; (iv) investors in a fund of funds; (v) the grantor of a revocable or grantor trust; (vi) the beneficiaries of an irrevocable trust; (vii) the individual who established an IRA; (viii) the participant in a self-directed pension plan; (ix) the sponsor of any other pension plan; and (x) any person being represented by the Subscriber in an agent, representative, intermediary, nominee or similar capacity. If the beneficial owner is itself an entity, the information and representations set forth herein must also be given with respect to its individual beneficial owners. If Subscriber is a publicly-traded company, it need not conduct due diligence as to its beneficial owners..

(D) Subscriber understands and agrees that any redemption proceeds paid to it will be paid to the same account from which Subscriber's investment in the Fund was originally remitted, unless the Fund, in its sole discretion, agrees otherwise.

(E) If any of the foregoing representations cease to be true, Subscriber will promptly notify the Fund of the facts pertaining to such changed circumstances.

22. Anti Money-Laundering. Subscriber represents that the subscription funds are not the direct or indirect proceeds of drug trafficking or other such criminal activity, including actions that contravene the anti-money laundering laws and regulations of any country. Subscriber understands that, as part of the responsibility of the Fund and Administrator for protection against money-laundering, the Administrator may require a detailed verification of Subscriber's identity. Depending on the circumstances of each application, a detailed verification might not be required where Subscriber makes the payment from an account held in Subscriber's name at a recognized financial institution; or the application is made through a recognized intermediary. These exceptions will only apply if the financial institution or intermediary referred to above is within a country recognized as having sufficient anti money-laundering regulations. For example, an individual may be required to produce a copy of a passport or identification card duly certified by a notary public, together with evidence of his/her address such as a utility bill or bank statement and date of birth. In the case of entity subscribers, this may require production of a certified copy of the certificate of incorporation (and any change of name), memorandum and articles of association (or the equivalent), and the names, occupations, dates of birth and residential and business addresses of all directors. The Administrator and the Fund reserve the right to request such information as is necessary to verify the identity of Subscriber. In the event of delay or failure by Subscriber to produce any information required for verification purposes, the Administrator may refuse to accept the subscription and the subscription monies relating thereto or may refuse to process a redemption request until proper information has been provided. Subscriber further agrees that the Fund and any other service provider shall be held harmless and indemnified against any loss arising as a result of a failure to process the subscription or redemption if such information as has been required by the parties referred to has not been provided by Subscriber.

23. Confidentiality. The Fund may disclose the information about Subscriber that is contained herein as the Fund deems necessary to comply with applicable law or as required in any suit, action, or proceeding.

24. Indemnification. Subscriber agrees to indemnify and hold harmless the Fund and any other service provider to it, and any partner, manager, officer, director, shareholder, agent, employee or affiliate thereof, against any loss, liability or expense relating to any misrepresentation or breach of covenant by Subscriber herein or in any other document furnished by Subscriber in connection with its subscription.

25. Enforceability. If any provision hereof is invalid or unenforceable under any applicable law, it shall be deemed inoperable to that extent (and modified to the extent necessary to comply with that law) and its invalidity or unenforceability shall not affect any other provision hereof.

26. Currencies. Subscriber acknowledges that it is subscribing in a currency other than U.S. Dollars, Subscriber agrees that the Fund may sell such subscription funds at the market rate for

that currency and that the Shares will be issued to the value of the proceeds, minus the reasonable costs relating to the sale.

27. Appointment of Revocable Proxy. Subscriber hereby designates and appoints the Administrator with full power of substitution, as its true and lawful proxy and attorney-in-fact for the purpose of voting the Shares subscribed for herein or otherwise acquired as said proxy may determine on any and all matters which may arise at any meeting of shareholders and upon which such Shares could be voted by Shareholders present in person at that meeting. This proxy may be revoked by the owner of record of the Shares hereby subscribed for, either personally or by presentation of a subsequently executed proxy at any meeting of Shareholders, or by written notice to the Administrator at the above address (or such other address as the Fund or the Administrator shall furnish in writing to a Shareholder) received before the meeting.

28. If Subscriber is acting as a Representative. If Subscriber is subscribing as trustee, agent, representative, or nominee for another person (the "Beneficial Shareholder"), Subscriber agrees that the representations and agreements herein are made by Subscriber with respect to itself and the Beneficial Shareholder. Subscriber has all requisite authority from the Beneficial Shareholder to execute and perform the obligations hereunder. Subscriber also agrees to indemnify the Fund, the Administrator and their directors, members, partners, officers and agents for any and all costs, fees and expenses (including legal fees and disbursements, fines and amounts paid in settlement) in connection with any damages resulting from Subscriber's misrepresentation or misstatement contained herein, or the assertion of Subscriber's lack of proper authorization from the Beneficial Shareholder to enter into this Subscription Agreement or perform the obligations hereof.

If the Subscriber enters into a swap, structured note or other derivative instrument, the return from which is based in whole or in part on the return of the Fund (the "Swap") with a third party (a "Third Party"), the Subscriber represents and warrants that with respect to a Third Party entering into a Swap: (a) the Third Party is authorized under its constitutional documents (e.g., certificate of incorporation, by-laws, partnership agreement or trust agreement) and applicable law to enter into the Swap and would also be so authorized to invest directly into the Fund; (b) the Third Party has received and reviewed a copy of the Memorandum and the Subscription Agreement; (c) the Third Party acknowledges that the Fund and its affiliates are not responsible for the legality, suitability or tax consequences of the Swap and that the Subscriber is not an agent of the Fund; and (d) the Third Party is an "eligible swap participant" and a "qualified eligible person" under Commodity Futures Trading Commission rules, and an "accredited investor" under Regulation D. Subscriber also agrees to indemnify the Fund, the Investment Manager and their officers and agents for any and all costs, fees and expenses (including legal fees and disbursements, fines, and amounts paid in settlement) in connection with any damages resulting from the Subscriber's misrepresentation or misstatement contained herein. Nothing herein constitutes an agreement or statement by the Fund as to the legality of a Swap or the suitability of a Swap for the Third Party.

29. Country-Specific Disclosures. Subscriber has reviewed the country-specific disclosures contained in the Memorandum.

30. Additional Information. The Fund may request from the Subscriber such additional information as it may deem necessary to evaluate the eligibility of the Subscriber to acquire Shares, and may request from time to time such information as it may deem necessary to determine the eligibility of the Subscriber to hold shares or to enable the Fund to determine its compliance with

applicable regulatory requirements or its tax status, and the Subscriber agrees to provide such information as may reasonably be requested.

Subscriber agrees to notify the Fund promptly if there is any change with respect to any of its information or representations made herein and to provide the Fund with such further information as the Fund may reasonably require.

This Agreement may be executed through the use of separate signature pages or in any number of counterparts. Each counterpart shall, for all purposes, constitute one agreement, binding on all parties, notwithstanding that all parties do not execute the same counterpart.
